## OPIOID OVERDOSE RESPONSE TRAINING

### FREE Opioid Overdose Response Training

The Anne Arundel County Department of Health’s Adult Addiction Program is offering free training to community members on the use of intranasal naloxone to reverse an opioid overdose and prevent death. Trainees will receive a free naloxone nasal kit to administer to victims of opioid overdose.

### Who Should Attend?

- At-risk individuals, family members, friends and associates of someone who is using and at risk for overdosing on heroin or prescription pain medications. Teens under 18 may take the training if accompanied by a parent or guardian.
- Treatment program, recovery services and transitional housing staff.

### What Will I Learn?

Training will incorporate the following information:

- What an opioid is.
- How to recognize, respond to and prevent an opioid overdose.
- How to administer the naloxone intranasally.
- Information about the Good Samaritan Law, treatment and recovery services and family support.

### What is Naloxone?

Naloxone is a prescription medication that is used to reverse an opioid overdose. It cannot be used to get “high” and is not addictive.

### How to Register

To register, call the Naloxone Training Line at 410-222-1937 Monday through Friday between 8:00 a.m. and 4:30 p.m.
